Thanks Mark

I got your message from yesterday..... we will need an independent summary for each of the four monuments but I and Sally are working on a template this week ... so no need to jump on this as of yet. We are hoping we will utilize Utah to work out the bugs because Utah has their reports on a fast track n needs to be done by the end of this week.

I will give the monument managers access to the google drive. Should I add both you and Mike as additional access to assist? Or anyone else?

Hi Tim -

Attached is an excel spreadsheet with the contact information for our California National Monument Managers. There are four California National Monuments affected by Executive Order 13792 of April 26, 2017 (82 FR 20429, May 1, 2017) and include::

Berryessa Snow Mountain - Rebecca Wong, Manager
Carrizo Plain - Johna Hurl, Manager
Mojave Trails - Kyle Sullivan , Manager
Sand to Snow - Jihadda Govan, Manager

Let me know if I can provide other assistance to you with the data call.I hope that your new duties and responsibilities with WO-410 are not to hectic and hope that you are enjoying living in DC

State Directors:

National Conservation Lands received a data call to respond to Executive Order 13792 of April 26, 2017 (82 FR 20429, May 1, 2017) directing the Secretary of Interior to review certain National Monument designations or expansions under the Antiquities Act of 1906, 54 U.S.C. 320301-320303 (Act) (see attached).

The timeline for this data call is a short turnaround for all monuments, due by June 2, 2017, with the exception for both Grand Staircase Escalante National Monument and Bears Ears National Monument with an expedited due date of May 17, 2017. WO-410 needs assistance with this data call through the National Conservation Lands State Leads and from the affected Monument Managers, or the State Directors' designee, to gather up the desired information. Please review the attached word document for list of needed information and the list of National Monuments under review. We are expected to provide available data and information but not to create data or information or speculate on responses.

A Google Drive document folder is being established to easily transfer electronic files for each of the National Monuments under review. The desire is to limit access to assure consistent data collection. WO-410 is asking each of the States to provide names needing access for each National Monument and the lead from your state to oversee/coordinate this data call.

The two Utah National Monuments will help us to streamline the process and provide more specific guidance for the other National Monuments and the work load associated with this request. A follow-up email will provide more direction for all other BLM National Monuments under review later next week.

Please provide Timothy Fisher (tjfisher@blm.gov) a list of contacts for each monument who will need access to the google drive folder **by COB Tuesday May 16, 2017.**

The National Conservation Lands program appreciates your support in assisting with this important data call

Thank you!
